UNIVERSAL JOINT | FUEL PUMP  
TENSIONER & IDLER BEARING  
TIMING BELT KITS**

## WATER PUMP

- 100% factory tested for leakage and dimensional precision
- Bearing noise and durability tested
- Designed to match OE coolant flow rate and pressure
- Electric Water Pump also available!

## FUEL PUMP

- Designed to match OEM Pressure and Flow-rate
- Durability, corrosion, and high temperature tested for longer life
- 100% float arm resistance testing for assemblies
- New filters available in all sizes
- Mechanical Fuel Pumps also available!

## FAN CLUTCH

- Designed with OE manufacturing technology
- Optimized for maximized engine efficiency
- Assembled with Genuine GMB bearing
- Enhanced fin design for maximum heat dissipation
- Reduced fan noise and vibration during acceleration or cruising

## WHEEL BEARING & HUB ASSEMBLY

- Manufactured using high strength steel
- 100% Bearing noise tested
- OE Type sensors to ensure proper ABS function, where applicable
- Roll formed hub for higher assembly strength
- Premium triple-lip seals offer maximum protection of the bearing

## UNIVERSAL JOINT

- Special Chrome-Molybdenum Alloy Steel for superior corrosion resistance
- Exact fit snap ring included
- Heavy Duty needle bearings for greater load capacity
- Multi-stage testing prior to assembly for maximum quality control

## TENSIONER & IDLER BEARING

- Rigorous testing and quality control for all bearing components
- Premium Triple-Lip Seal to maximize grease retention and prevent contamination
- High heat resistant grease
- Global OEM Manufacturing Technology

## TIMING BELT KIT WITH WATER PUMP

- Comes with everything needed for a full Timing Belt job!
- Includes OE replacement GMB Water Pump and Timing Belt Tensioner & Idler bearing
- Genuine OE manufactured Timing Belt
- Complete with Crankshaft & Camshaft seals
- Full line of Timing Belt Kits from GMB (without Water Pump) also available!

1-2-3 Installation : All Hardware Included | Hassle-Free Packaging | Instruction Sheet | Tech Support
